

Pilots using their skills for the greater good

Volunteer Pilots Needed

PALS SkyHope volunteer pilots donate their time, resources, and aircraft. Aircraft used by PALS SkyHope pilots are typically non-pressurized, single engine, 4-6 seaters.

Become a volunteer pilot today

Volunteer Pilots Needed

The sky's the limit for the lives we can help together

Being a volunteer pilot requires access to an aircraft

Pilots that do not have access to an aircraft may still serve as copilots/mission assistants.
